They just belong together even though it's been so long. Cheryl Douglas does an amazing job with the story, character development and flow. I love the Starkis Family Series, every single one of her books (Deacon, Damon, Tiana Kara). Each book can be read as a standalone. First person point-of-view... his and hers. No cliff-hangers! Can't wait to read Darius' story. If you love second chance romance, great love story filled with some hot and steamy moments, this book is for you!
